CREDIT TERMS AND FEES – CASH REWARDS & TRAVEL REWARDS

VARIABLE RATE: Your APRs will vary with the market based on the Prime Rate. The Prime Rate is the highest bank prime loan rate as published by *The Wall Street Journal* in its Money Rates Section on the 14th day (or the next business day, if the 14th is not a business day) of the calendar month preceding the first day of the billing period. Your Periodic Rate(s) and the corresponding Annual Percentage Rate(s) will change if the Prime Rate changes. If the Periodic Rate(s) and corresponding Annual Percentage Rate(s) increase, your interest charges will increase, and your minimum payment may be greater. A change in the Periodic Rate(s) will take effect the billing period immediately following the publication of the changed Prime Rate. Interest will be charged when your Account has an outstanding balance.

HOW WE APPLY PAYMENTS. Your Account may have balances with different interest rates. For example, purchases may have a lower interest rate than balance transfers. If your Account has balances with different interest rates here is how we generally apply payments in a billing period. We apply payments up to the Minimum Payment Due at our discretion. This may result in balances at lower APRs being paid before other balances. This may also result in higher interest charges. After the Minimum Payment Due has been paid, we apply your payments to the balance subject to the highest interest rate, then to balances subject to lower interest rates.

MINIMUM PAYMENT: The greater of 2.5% of the outstanding balance or \$35.

CASH EQUIVALENT TRANSACTIONS: Cash equivalent transactions are those transactions performed using a merchant or service provider that MasterCard/VISA identifies as a seller of traveler's cheques, foreign currencies, money orders, wire transfers, lottery tickets, funds used for wagers or gambling or similar products and services.
